

SURFY•INDUSTRIES

**WARRANTY POLICY**

Surfy Industries products come with 90 days full warranty for proprietary and non-proprietary parts (including reverb pans and power adapters), covering any defects the units may have.

Surfy Industries offers a **lifetime warranty** on Surfy Industries proprietary parts only, so it does not include the reverb pans and the power adapters after the initial 90 days from purchase date.

The **lifetime warranty** covers any defects the products may have, while Surfy Industries reserves the right to inspect the products before guaranteeing that any repair can be made. The customer is responsible for all shipping costs *to and from* Surfy Industries for inspection/repair.

If a different warranty is offered by a dealer/store, this warranty overrides or applies in conjunction with the warranty policy of Surfy Industries, which reserves the right to evaluate case by case the proper or most efficient way to operate.

Regarding any technical assistance post-sale, the customer can contact Surfy Industries, while the request may also be forwarded to the dealer/origin of purchase for possible replacement, refund and/or compatibility with the subscribed warranty policy.
